construction work, and start constructing up to fourteen (14) units of rental housing, in which seven (7) of those units will be designated as affordable permanent housing for our low-income households. The other 7 will be designated for over-income households, financed with Non-Indian Housing Block Grant (IHBG) funding. Additionally, we will be building one unit for a live in Resident Manager. This unit will be built using IHBG and Non-IHBG funding. The land is located at 2109 34th Street, Anacortes, Washington 98221. A Community Center will be constructed to be used by residents of our affordable permanent housing, in addition to families participating in our TBRA, Homelessness Prevention, Rapid Re-housing and Emergency housing programs. We will introduce a new program ¿Community Awareness Health and Safety¿, designed to provide home safety demonstrations, home ownership education, home maintenance skills, educational training, and financial literature to residents in our affordable permanent housing, in addition to families participating in our TBRA, Homelessness Prevention, Rapid Re-housing and Emergency Shelter housing programs. These services will be offered virtually and in person, using social distancing recommendations. Activities offered will include assistance preparing a housing search plan and list of local landlords. For those clients that demonstrate that they need more assistance and support to find housing, the supportive service will be provided to meet the level of need. Evaluate the nousehold¿s current resources, problem-solving abilities, and financial life skills, then provide the appropriate amount of assistance to ensure the greatest chance of successful transition to independence after program exit. When assistance ends, participants should have developed a natural support system, if possible, that will allow them to address obstacles that might later arise with employment, childcare, transportation, or financial management. Participants will also need to know how to navigate multiple s

Geographic Distribution

Assistance is distributed in a variety of ways for us to meet the needs and diversity of our families. We send information to our families through mailings on a quarterly basis. Our newsletter is mailed to all Samish households regardless of where they live, and our webpage is available to anyone with access to the internet. For our Native Elders, developing community relationships with agencies that have Tribal Outreach and Assistance has been and continues to be critical in providing information and assistance to this population. This one on one approach has been effective in helping our elders understand the services we provide and how such services can be effective for them. We provide services in ten (10) counties throughout Western Washington Clallam, Island, Jefferson, King, Kitsap, Pierce, San Juan, Skagit, Snohomish, and Whatcom. We have developed partnerships within our 10-county service area, explaining to other providers who we serve and how to contact us for information regarding the various housing services offered. We are also a part of Skagit, Island and Whatcom Counties Coordinated Entry System-a system designed for all populations that aligns the Single Adult, Family, and Youth into a seamless, collaborative, county-wide platform for housing and service delivery to homeless households. Our focus is on Native households. The main objectives of this system are to: ¿ Reduce the length of time a family is homeless and linkages to supportive services. ¿ Build upon existing community-based infrastructures to serve homeless families, leverage resources, and provide more targeted and cost-effective interventions. Because of the COVID-19 Pandemic, and our lack of ability to see our clients face to face, it is our goal in 2021 to become ambassadors in using technology to work with our families to help them reach their housing goals. We also plan on becoming a part of the Homelessness Management Information System (HMIS) in San Juan County. This will be another resource in helping us identify families in
